Dear Mr. Kesava Iyengar,

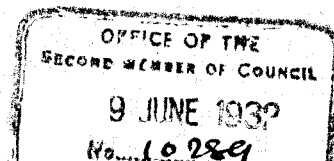

I enclose for favour of submission to Government, a D. O. letter received from Mr. V. Ganesh Iyer containing a representation in connection with his transfer to the University. The representation seems reasonable, and as his present superior officer I feel I should say that Mr. Ganesh Iyer has done excellent work as Inspector of Boilers, and that I have a very high opinion of his capacity and character.

OFFICE OF THE
INSPECTOR OF BOILERS,

D. O. No.

Bangalore, dated the 4th June 193

CONFIDENTIAL

My dear Sir,

I invite your kind reference to G. O. No. E. 4618-21 Uni. 3-31-50 dated 20th May 1932 transferring me to the College of Engineering, Bangalore, as an Additional Professor of Mechanical Engineering. This would imply that I am not the head of the Mechanical Engineering Section of the College. Mr. E. K. Ramaswamy, the present incumbent is my junior both in service and qualification, and I - possess qualifications justifying my being posted as the head of the section.

I understand that Government have before them the question of filling up the Principalship of the College in the vacancy likely to happen by Mr. Lakshminarasappa's transfer as Consulting Architect to the Government of - Mysore. I beg respectfully to urge my claims for the post of the Principal of the Engineering College for the consideration of Government. I may be permitted to - state that as an Executive Engineer on Rs 500-36-850 I am

am an officer of a grade only inferior to that of the Principal and certainly superior to that of the other Professors of the College. I possess qualifications for the post superior to those of any other member of the service; and I have besides put in a service of twenty years. I beg that in filling up the post of the Principal my relative superiority to the other possible candidates in these essential regards might be kindly considered.

I have one more request to urge. The Government order specifies that my appointment should be for a period of five years and should count against that of a Professor and I should draw an allowance of Rs 75/- over my grade pay. I would like to add that this does not take into account my past services and qualifications. I would request that I may be given the pay of a University Professor so long as I continue to work in the University i.e., Rs 500-50-1000.

Yours sincerely,

H. R. Rao

N. Rama Rao, Esq., B.A., B.L.,

I have the honor to invite kind reference to this office letter No. 492/G.A.D. dated 4th June 1932 requesting you to communicate through the Financial Department, the Government Order No. E.4618-21/Uni.3-31-50 dated 20th May 1932 sanctioning the appointment of Mr. V. Ganesha Iyer as additional Professor of Mechanical Engineering on his grade pay as Officiating Executive Engineer, with an allowance of Rs. 75/-.

2 In Government Order No. 4321/CB. 154-31-1 dated 24-6-1932 he has been appointed acting Principal on his salary as Professor plus the principal's allowance of Rs. 100/-. The effect of this order is to give the officer two duty allowances simultaneously. This is opposed to the principles laid down in para 3(ii) of the Government Order No. Fl. 2008-57/S&A. 7-22-9 dated 3-11-1922. It is not clear if it is the intention of Government to give the officer one duty allowance as Professor and another as Principal.

3. I request ~~you~~ therefore that early orders may be obtained separately fixing the salary and allowances of Mr. Ganesha Iyer so as to enable this office to determine the salary cut, and the emoluments admissible to him as Acting Principal, Engineering College, from 1-7-1932.

I have the honor to be
